

8 PILLARS OF ENDURING FAMILIES

***2014 is the year of extraordinary prophetic fulfillment, provision, protection and progress.
2015 – Thy Kingdom Come, Thy will be done on earth. Christ Revealed, Church Reformed, City
Rebuilt***

When God speaks His word, there is nothing that can challenge it. Apart from His word, nothing can come to pass. The greatest manifestation of the Kingdom is the manifestation of the King. This is the prize possession. The nations came to see Solomon and all that surrounds him. It will be the same for Christ.

Don't pray Thy Kingdom come unless we are prepared for a clash. The devil has been a very useful person in fulfilling God's plans. He put Jesus on the cross but that plan God turned it to good and it was in God's plan all along. Every time the devil makes a mistake, it became a plus point for God.

When every family is strong and are joined with others, we will comprehend and length, breadth and depth of the love of God. We must build a church, a community, atmosphere that allows God to manifest so that whatever God wants to do will be done. A lot of churches are just filled with music and sound but with very little of God. We must see the building filled so that God can manifest.

If we want to start something, it has to be something that will become stronger. All our cars start slow but it becomes faster. This is how we should be. Nothing wrong to start slow or small but we must get stronger and stronger, from strength to strength and from glory to glory.

1. Paradigm

We cannot walk together unless we agree. We must agree on principles and core values and things that are needful. We must say as what we think. The most dangerous people are those who do not answer. Those who talk less are very risky. We cannot connect with those who are mysterious. Betrayal is the most demonic force. It can dry up the bones. When we talk Holy Communion, we are in covenant, not communism. God wants us to agree on principles. If we keep changing the rules, we cannot score the goal. We must think the same thing and understand the same thing. If we say covenant, breakthrough and tithe, we must know what it means. Families cannot be strong if our rules of engagement are wrong. If our thinking pattern and understand is different, we will offend one another and hurt each other.

Let our paradigm be similar so that our perceptions will be clear. We agree on principles to be a strong family. We cannot value something else. We cannot value privileges or rights.

2. Purpose

We must passionately pursue purpose. Every house is strong according to purpose. The way our church is built and growing and raised is designed to build a purpose. We are here to fulfill a purpose. We are created for a purpose. All who gather must not come for a wrong purpose. We come to church and God will bless us. Once we are blessed, it's our turn to bless others and serve the community. Most people only come to church expecting the pastor to bless them all the time. Did we think about blessing the pastor? We cannot do all the things we are called to do unless we know purpose.

3. Protect

We must do everything to protect what God is doing. Everything that is birthed in heaven into the church must be protected. Sometimes we walk in the church we only concern for ourselves. We must also learn to protect the property of the house from vandalism. This is our house and our family name. We must stand for the people we love and fight for the people we care for. A family is not strong if we only have talkers. We want to become the pillar of strength. This is how families can become strong. Stand up for the team and for our families. If we fall we fall together. If we rise we rise together.

4. Provide

Provision is a pledge of our loyalty. Providing for the house is a proof we are loyal. Loyal husband and wife provides for the family. Tithe is a pledge of loyalty to the House of Honor. Those who give and contribute, provide strength, time and energy are those who pledged their loyalty. We do our best and God will do the rest.

5. Pray

We have to pray that people will rise to their full potential and enter into every possibility and prosper with grace. We must enter into every possibility. Anything that can happen and take place and every miracle that can happen and every opportunity that can come, they must happen. We must prosper in peace. It's not about prospering because a lot of people prosper with sorry. Our business can be good but family becomes wayward. All the prosperity is wasted without peace. Peace is the key ingredient for increase. We live in a nice house with peace in the heart. God wants us to prosper with peace and this is our portion. So we have to pray for the family and make sure that they are strong and well and protected and provided for.

6. Partner

Partnership is bringing our presence, quota and skills. We need the feet of people walking together in physical presence. Partnership is to make our job easier, faster, better. If we have 100 people doing the same job, the job will become easier. Our mandate does not change. Our numbers are growing doing the job. There are some things we cannot do without Papa but there are some portions we have to do to fulfill the quota. We cannot become pew warmer. Those who don't partner will become attacked by temptation. If we are joined ourselves, 1 will become stronger because 2 are joined in one. When we partner, we will

become stronger. But a lot of people coming to church becomes weaker because instead of giving out strength, they pull strength for themselves and destroyed the work. We join the army so that the soldiers can help the general and not the other way round. Don't join the church and hijack it. We are not terrorists.

7. Plan

We must synchronize our plans so that when our leader goes north we must go north together. If we cannot have access to each other, plans will be disrupted. When we are going to war, we cannot go to war 2 weeks later. We cannot decide to go havoc. This is a problem with many church members where they are not accountable to anyone. There is a hierarchy and chain of command. When we submit to God, we will be protected. Those who are not accountable, don't tithe, don't come, don't partner, they are not part of whatever we are doing. God is looking for seekers, not sneakers. We have to plan together.

8. Promote

We want stand and becomes the spokesman. If we go to a good hospital and are blessed by the hospital, we will recommend that hospital to our friends who need it. If we use a product and it helped us, we tell everybody. We come to church and so blessed, why didn't we promote what God is doing and share it with others? Most of us have Facebook and the information we promote must be clean and helping people. We must not use it to send wrong messages and words that is hurting. We must set people free.

If it is good and it is God, we must be telling it to people. Type it into the facebook and share it with our friends. The devil wants to keep the truth quiet. Don't tell the wrong person that will keep the information quiet. Tell the right people so that the influence of the word can increase.
